PROJECTS

1. FurBaby- Pet Care Application

- Designed a pet care app prototype in Figma focused on managing pet health, booking appointments. created wireframes, and developed high-fidelity prototypes ensuring a seamless user experience.

2.Hexify — Device Security Dashboard

- Designed a calm, user-friendly security dashboard for non-technical users. Improved clarity by restructuring alerts, simplifying scan actions, and creating a reusable UI component library. Focused on reducing cognitive load and helping users understand and resolve issues confidently.

3.Blockchain-based Medical Records Management System

- Designed a secure and decentralized medical records system using Ethereum (Sepolia test network) and MetaMask for blockchain transactions. Developed the front-end with HTML, CSS, and JavaScript, and managed data storage using MongoDB Atlas. Enabled patients and healthcare providers to access and update records safely, ensuring privacy, transparency, and immutability.

CO-CURRICULAR ACTIVITIES

- Participated in Kratos'24 In SRM Easwari Engineering College on 26th October 2024.
- Participated in Electra'2K24 In Sri Sairam Institute of Technology on 19th September 2024.
- Participated in Blockathon'24 In Velammal engineering college on 21st August 2024.
- Completed a workshop in Power BI and Tableau from 25th March 2024 to 1st April 2024.

CERTIFICATIONS

- Introduction to Graphic Design; Basics of UIUX - Simplilearn Skillup (22/10/2025).
- Foundations of Prompt Engineering - AWS Skill Builder (23/11/2024).
- Fundamentals of Machine Learning and Artificial Intelligence - AWS Skill Builder (02/10/2024).
- Google AI Essentials - Coursera (09/02/2025).

PRACTICAL TRAINING

Internship at Virtual Tech Services in Data science and Machine Learning	Dec 2024
• Worked on real-world projects involving data analysis, predictive modelling, and data visualization.	
• Applied machine learning algorithms using Python to extract insights and optimize decision-making.	
In-Plant Training at Arjun Vision Technologies in UI/UX Design	Jun 2024
• Gained hands-on experience in creating user-friendly interface prototypes and wireframes.	
• Improved skills in user research, design tools, and usability testing.
